

# Engitec Technologies

Engitec Technologies is a leading provider of innovative, environment-friendly recycling solutions. The company's advanced technologies and commitment to sustainability have earned it the prestigious award of Top Metal Recycling Company in Europe for 2022.

The cover of the February 02, 2022 issue of Metals Mining Review, Europe Special Edition. The background is a photograph of an industrial recycling facility with rows of machinery. The magazine title "METALS MINING Review" is at the top left. The date and website "FEBRUARY 02, 2022 METALS MINING REVIEW.COM" are at the top right. The "EUROPE SPECIAL" label is also present. The "EDITION" label is at the bottom right. The company name "ENGITEC TECHNOLOGIES" is prominently displayed in large white letters across the middle, with the tagline "INNOVATIVE, ENVIRONMENT-FRIENDLY RECYCLING SOLUTIONS" at the bottom.
